Private Party – Don Cooke

#### 2<sup>nd</sup> Year Directors

Anna Receveur

Joseph Wood

#### Past President

Roger Hamilton

#### Admin. Assist.

Les Slaybaugh

#### Membership Chairman

Jimmy Richards

We are into November. The Craft Fair which was a success is over. We are now switching into Cold weather mode. As you can see we have two important events in November. Our Educators Night is on November 10<sup>th</sup>, and our District Governors official visit is on November 24<sup>th</sup>. Our Non-Lions calendar shows several events for November. The Governor is using our Receveur Hall for his 2<sup>nd</sup> Cabinet Meeting. We have at this time, several uses of our facility for personal events. These events will help us to defray the cost of our Club House. I encourage our members to come to our Lions events and show our support for the Governor and our Educators. Betty has planned some exceptional meals.

December will also be very busy with our events i.e., the Christmas Party, the Children's Christmas Party, and our Christmas Basket Donations. We also have some private parties scheduled. There is always Christmas to enjoy.

In case you haven't noticed, Lion Charles Sweeney has already put our new Aerator to use but more work is needed. Primary Parade Ground Line & seed will follow and we are hoping for a beautiful Richard's Exhibition Center next year. LET'S GO JIMMY!

Our development of the property at the lower end by the railroad tracks is going slower than I would like. I am trying to keep it on a time table of 3 years. I hope to have a very nice Recreation Field for the next King Lion since this is longer than I should be President. I will lay the ground work should they wish to finish it.

I have had no further contact from the Fair Board. As they say, the ball is in their hands if they have any interest.

We are working together as a unit and getting much done. Keep up the GOOD WORK!

Our Membership Committee is working on new members and their work is getting good results.

My thanks to our to our Club Membership for their contributions and help I am receiving this year.
