1st YEAR DIRECTORS

William Roberts
Les Slaybaugh

2nd YEAR DIRECTORS

Anna Receveur
Joseph Wood

PAST PRESIDENT

Roger Hamilton

ADMIN. ASSIST.

Les Slaybaugh

MEMBERSHIP CHAIRMAN

Jimmy Richards

This Program Newsletter is being written in the middle of the month. It is running later than usual for Craft Fair results and comments. The Craft Fair was a success. The event went off very well. The weather was BEAUTIFUL , and our praying people had a good response this year. The arrangements were good and there were no complaints or concerns from Crafters or otherwise. The financial results were not as desired, but the Crafters seemed to accept the Economy as the problem, not what we as a Club presented. I wish to congratulate our members of the Brandywine Lions for all of the hard work and dedication.

We have already started ground work for our Spring Craft Fair. Some change is being considered and will be presented to the membership when the Craft Fair Committee has evaluated the changes.

I am trying to set up a program of events for the next year. I have reviewed the events of the past year. I need to know what the membership wants for the coming year. Some of the events need to be looked at. I am asking members to approach me at this time for ideas and wants. I don't want members coming up later saying we have done this in the past. If we want to consider doing them this year, Talk To Me.

I recently had an event which is consistent with this problem. An event has been occurring for several years and thought to be identified. There wasn't any known identification of this event to the current Administration, but was known to the prior Administration. This created some disharmony but I can only work with what has been told to me and recorded by the proper people. Just because it has happened in the past, does not qualify for present occurrences unless noted.

As of this current date, I have only 2 defined programs for the club up to June 1, 2010, i.e. Sunrise Service and Spring Craft Fair.

I was recently notified of some donations to the Club which the prior Administration did not disclose. The Townsend Family has donated to the club, a picnic table (which accounts for more tables than the club has purchased).

Some other tables and utility chairs have been donated and the Lions Club is very appreciative and also THANKS them for their additional support.

Plans are underway regarding the Christmas Party, Children's Christmas Party, and the Christmas Baskets .

Educators' night is the 10th of November. Please plan to be there and show our support for our Educators'.

Thank You!

King Lion Tom
